ISO & MANAGEMENT SYSTEMS • MSME ZED • LEAN • GS1 / GTIN • IEC • NSIC SPRS • UDYAM GUIDANCE • BIS / ISI • CRS •  
VENDOR REGISTRATIONS

*Build systems. Strengthen compliance. Improve business readiness.*

### 1. ABOUT CRECER GRANDE

Creceer Grande is an engineering and industrial services venture focused on helping manufacturing and engineering businesses improve technical capability, manufacturing readiness, quality systems and business processes. We combine engineering understanding, documentation capability and practical implementation support to provide focused solutions for industrial organisations.

### 2. ABOUT THE DIVISION

Creceer Grande - Quality, Certification & Business Compliance Division supports businesses in developing management systems, preparing for certifications, improving operational practices and navigating selected business registrations and product-compliance requirements.

Our role is primarily advisory, documentation, implementation and coordination. Certificates, registrations, licences and formal approvals are issued by the respective certification bodies, authorities or scheme owners.

#### MANAGEMENT SYSTEMS

- ISO 9001
- ISO 14001
- ISO 45001
- ISO 50001
- Integrated systems

#### MSME EXCELLENCE

- ZED readiness
- Lean support
- 5S
- Kaizen
- Process improvement

#### BUSINESS COMPLIANCE

- GS1 / GTIN
- IEC
- NSIC SPRS
- BIS / CRS support
- Vendor registration

### 3. MANAGEMENT SYSTEMS & ISO SUPPORT

We support organisations in developing practical management systems that are aligned with their operating processes rather than creating documentation only for audit purposes.

#### SYSTEMS WE CAN SUPPORT

- ISO 9001 - Quality Management
- ISO 14001 - Environmental Management
- ISO 45001 - Occupational Health & Safety
- ISO 50001 - Energy Management
- Integrated Management Systems
- Organisation-specific procedures and controls

### 4. QUALITY SYSTEM DOCUMENTATION

- Quality manuals and process documentation
- SOPs and work instructions
- Forms, formats and registers
- Document and record control
- Risk and opportunity registers
- Quality objectives and monitoring
- Supplier evaluation systems
- NCR and CAPA systems
- Internal audit preparation
- Management review documentation
- Training / competence records
- Calibration and monitoring records
- Process and inspection records
- Corrective-action tracking
- Controlled document structure
- Implementation follow-up

#### OUR APPROACH

Documentation is developed around the customer's actual process, responsibilities and evidence. Where third-party certification is required, the certification decision and certificate issuance remain with the independent certification body.

## 5. MSME EXCELLENCE & IMPROVEMENT SUPPORT

### MSME ZED Readiness & Implementation Support

Crecer Grande can assist manufacturing MSMEs in understanding ZED requirements, identifying gaps, organising documentation and preparing operational evidence for assessment.

#### ZED READINESS

- Gap assessment
- Quality and process controls
- Maintenance & calibration records
- Workplace discipline / 5S
- Safety and environmental practices
- Corrective-action support
- Assessment preparation

#### LEAN & CONTINUOUS IMPROVEMENT

- 5S implementation support
- Kaizen practices
- Waste identification
- Visual management
- Standard work
- Process improvement
- Supplier-quality improvement

#### IMPORTANT POSITIONING

Crecer Grande provides readiness, documentation and improvement support. We do not claim official empanelment under any government-funded Lean or ZED consulting programme unless such empanelment is separately obtained.

## 6. PRACTICAL IMPROVEMENT TOOLS

These tools can be used independently as operational-improvement projects even where the customer is not immediately pursuing a formal certification or scheme assessment.

## 7. BUSINESS & MARKET REGISTRATION SUPPORT

Many MSMEs need help understanding which registrations are relevant, what information is required and how the documentation should be organised. Crecer Grande can provide guidance and application-support services within defined scope.

### BUSINESS READINESS PATHWAYS

**UDYAM  
GUIDANCE****GS1 / GTIN****IEC****NSIC SPRS****VENDOR  
REGISTRATION****DPIIT  
GUIDANCE**

### GS1 / GTIN / EAN SUPPORT

- Barcode requirement planning
- GTIN / EAN guidance
- Product master-data preparation
- Data organisation
- Barcode artwork coordination
- GLN / identification guidance where applicable

### IMPORT / MARKET READINESS

- IEC documentation guidance
- NSIC SPRS documentation support
- Vendor-registration assistance
- Udyam advisory / guidance
- DPIIT eligibility / application guidance
- Supporting-document preparation

### REGISTRATION AUTHORITY

CreCer Grande assists with preparation and guidance. Registrations such as GS1 identifiers, IEC, NSIC, Udyam and DPIIT recognition are governed and issued through the respective official organisations / portals. Udyam registration itself is free on the official portal.

## 8. PRODUCT CERTIFICATION & COMPLIANCE SUPPORT

For manufacturers and importers, product compliance can depend on the product category, applicable Indian Standard, Quality Control Order and certification scheme. Crecer Grande can support the customer in organising the technical and documentary pathway.

**1****APPLICABILITY**

Identify standard / scheme / requirement

**2****DOCUMENTATION**

Prepare records, forms and technical inputs

**3****IMPLEMENTATION**

Close gaps and establish evidence

**4****COORDINATION**

Testing / audit / application support

**SUPPORT AREAS**

- BIS / ISI applicability review
- CRS applicability support
- QCO requirement review
- Applicable standard identification support
- Product-testing coordination
- Technical document compilation
- Application-readiness support
- Audit / inspection preparation where applicable

**COMPLIANCE BOUNDARY**

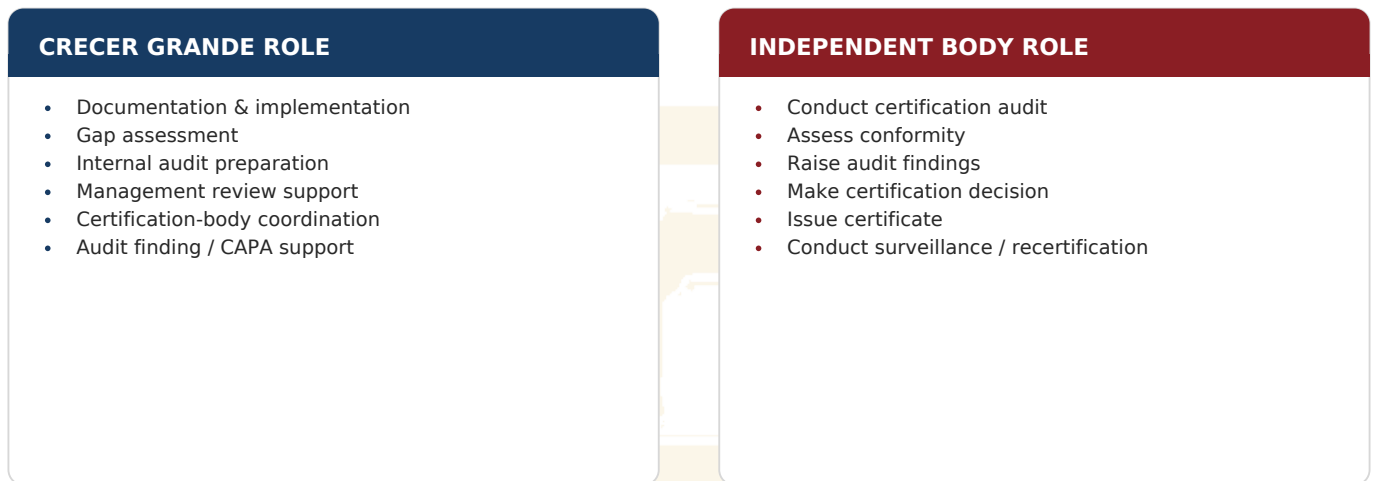

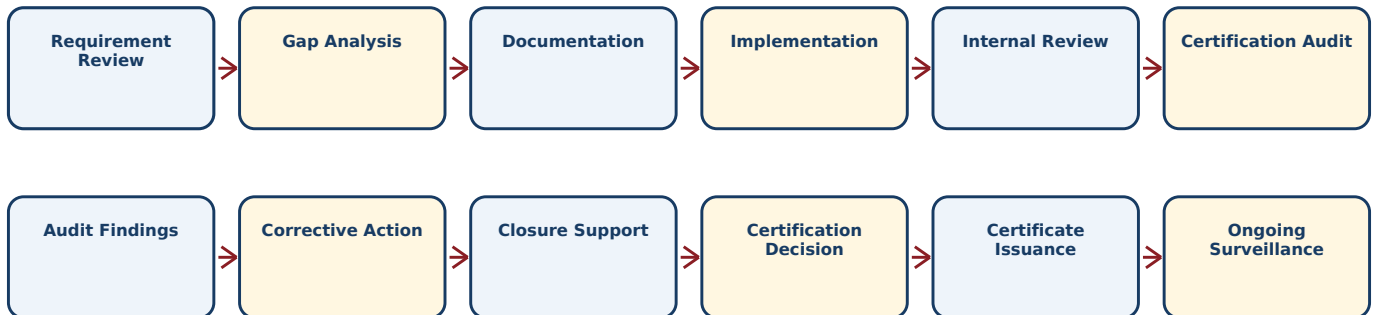

Crecer Grande does not issue BIS licences, ISI marks, CRS registrations or other statutory product approvals. Our role is to help the customer understand requirements, prepare documents, coordinate relevant testing / certification activities and close identified gaps. Final approval rests with the competent authority or certification scheme owner.

## 9. VENDOR REGISTRATION SUPPORT

We can also support industrial suppliers in preparing company, quality and technical documentation for vendor-registration processes with private manufacturers, OEMs, EPC companies, PSUs and other eligible buying organisations.

## 10. CERTIFICATION COORDINATION

Where a customer requires an independent management-system certification, Crecer Grande can coordinate the implementation and certification-readiness process while maintaining a clear separation between consulting and certification decision-making.

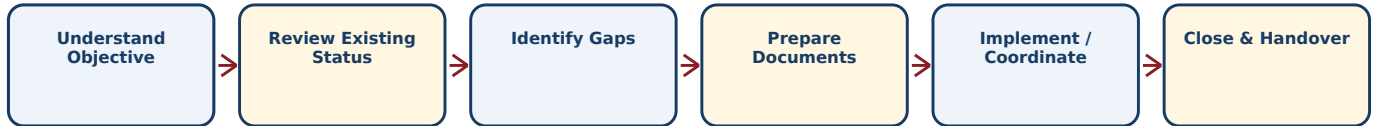

### INDEPENDENCE

Crecer Grande does not represent itself as the certification body. Certification audits and certification decisions are performed independently by the appointed certification body.

## 11. HOW WE WORK

Each engagement starts by defining the customer's actual objective - certification, registration, compliance, process improvement or documentation. The scope is then converted into a practical action plan.

## 12. WHAT YOU CAN SHARE WITH US

## 13. WHO WE SUPPORT

- Manufacturing MSMEs
- Engineering and fabrication companies
- Machine and component manufacturers
- Industrial suppliers and traders
- Companies entering government / PSU supply chains
- Businesses preparing for customer audits
- New manufacturers building formal quality systems
- Importers / product sellers requiring compliance-readiness support

## 14. WHY CRECER GRANDE

### ENGINEERING-LED

- Practical understanding of manufacturing operations
- Documentation linked to real processes
- Quality systems designed for usability

### ONE-WINDOW SUPPORT

- Management systems
- MSME improvement readiness
- Business-registration guidance
- Product-compliance coordination

### IMPLEMENTATION FOCUS

- Gap identification
- Document development
- Evidence creation
- Corrective-action follow-up

### CLEAR ROLE BOUNDARIES

- No false certification claims
- Independent certification preserved
- Authority-issued registrations remain external

## 15. OUR VALUE PROPOSITION

### SYSTEMISE. COMPLY. CERTIFY. GROW.

Whether you need to establish an ISO management system, prepare for ZED, organise GS1 / IEC / NSIC documentation, review BIS / CRS applicability, improve internal processes or coordinate a certification audit, Crecer Grande can provide structured support from initial assessment through implementation and handover.

#### OUR COMMITMENT

Practical documentation, transparent coordination and clearly defined scope - with the final certification, registration, licence or approval remaining with the authorised issuing organisation.
